Program with Presentation

Edwin Simpser, MD, FAAP is President and Chief Executive Officer of St. Mary's Healthcare System for Children. He is also an attending physician in the Department of Pediatrics at North Shore University Hospital in Manhasset, New York; New York Hospital, Queens; and Steven and Alexandra Cohen Children's Medical Center in New Hyde Park, New York. He joined St. Mary's as Chief Medical Officer in 1999. Previously, he was chief of the Division of Nutrition in the Pediatrics Department at North Shore University Hospital.

Dr. Simpser is Board Certified in both Pediatrics and Pediatric Gastroenterology and has taught students, residents, and fellows throughout New York City including Cornell University Medical College, New York University School of Medicine, Albert Einstein College of Medicine and New York College of Osteopathic Medicine (NYCOM). He currently is on the faculty of the Hofstra-Northwell School of Medicine.

Dr. Simpser received his medical degree from the Albert Einstein College of Medicine, Bronx, New York, and completed his residency in pediatrics at Case Western Reserve School of Medicine, Rainbow Babies and Children's Hospital, in Cleveland, Ohio. He was both a Research Fellow and Clinical Fellow in Pediatric Gastroenterology and Nutrition at North Shore University Hospital and Cornell University Medical College. He is an active member of several prestigious medical associations focusing on issues of pediatrics, pediatric nutrition, and medical care for children with special healthcare needs. Currently, he sits on the Medically Fragile Children's Workgroup, which was convened to advise the New York State Department of Health's Medicaid Redesign Team. He is the Chair of the Section on Home Care of the American Academy of Pediatrics. In addition, he is the Co-Founder and past President of the Pediatric Complex Care Association, which represents pediatric post-acute facilities around the country. A frequent invited lecturer at national and international meetings and academic centers, Dr. Simpser has also published numerous articles, abstracts, monographs, and book chapters.

***The Members and Guests of the Healthcare Executives' Club are Especially Pleased
to Provide Gifts for the Children of the St. Mary's Healthcare System for Children.***

The Healthcare Executives' Club (HEC), founded in 1958 as a not-for-profit professional membership association, is dedicated to providing its members with a forum that contributes to their contemporary and relevant knowledge within the administration, management and organizational delivery of health and human services. Among other guiding principles, the Healthcare Executives' Club promotes and communicates the values and ethics associated with effective leadership qualities in the provision of health and human services for diverse populations and communities.

With a commitment to preserving the HEC's traditional mission for collegial education, as well as social and professional development among members from multiple leadership positions and organizations providing for the health and human services of local populations, the Healthcare Executives' Club conducts a schedule of meetings and programs throughout each year. In addition to regularly meeting with the general membership and keeping them apprised of the Club's ongoing activities and benefits, the Healthcare Executives' Club arranges dinner gatherings to foster relationships and present programs facilitating knowledge and skills for the membership. Speakers and panels of experts in different aspects of the health and human service delivery environment address topics with information specifically pertinent to the learning and career development needs of the HEC's membership. The Club also compliments these educational programs with membership participation in social/holiday gatherings, community/charity endeavors and collaborative projects with academic institutions and other professional associations.

The HEC's membership represents professionals from hospitals, ambulatory care, nursing homes, assisted living, home care, supportive consultants/vendors and many other parts of the health/human service delivery system and the Club promotes progressive and dynamic activities for the membership's benefit - often at provider and academic locations in the metropolitan area.

Moving Ahead with HEC

Upcoming General Membership Meetings and Programs:

- ❖ **Tuesday, June 20, 2017, 6:00 PM, at the Parker Jewish Institute, New Hyde Park
“Contractual and Operational Strategies to Assure the Effective Provision
of Services Under Value Based Payment Arrangements” – Presented by
Joseph Tomaino, Principal of Healthcare Strategy and Business
Transformation, Grassi and Co.**

- ❖ **July Evening Social with the Gerontology Professionals of Long Island, hosted by the
Dominican Village in Amityville, Suffolk County (date to be announced).**

Plans in Progress for Fall, 2017 Membership Meetings and Programs:

Programs are being developed so the Healthcare Executives' Club can collaborate in presenting contemporary subjects with the MHA Program of Hofstra University, the Center for Health Innovation of Adelphi University, the Nassau-Suffolk Hospital Council, the College of Osteopathic Medicine at the New York Institute of Technology and other partners in providing educational forums.
